Position Held with grade level: __________________________________________________________

College Attended: _________________________ Major: ________________ Highest Degree: ______

I need this course to partially meet requirements under the NCLB initiative ______

For up-to-date information concerning this and other courses, please visit the website at http://www.k12.phys.virginia.edu/geology/. Direct questions to dfoss@albemarle.org.

All participants must register to take the course for credit. Course tuition and registration information can be found at the website given above. We anticipate that a stipend, in the range of $400 to $600, will be available to defray University tuition and housing (if applicable). Applications should be submitted as soon as possible. We will decide, based on applications received by June 1, 2004, what level of support we will be able to provide. It is anticipated that participants will also endeavor to obtain support from their school division, or another source.

I would like to stay in University housing during the workshop: YES NO

I anticipate financial support from my school division (or other): YES NO

I desire to enroll in EVSC-624, 2004 Professional Development Workshop. I understand that I will be required to present an in-service activity before December 5, 2004. If I live in Virginia, I will try to attend the follow-up session at the NSTA Regional Convention in Richmond, December 2-4, 2004. It is anticipated that your school division will financially support your attendance at this follow-up session. I understand that spaces and funding are limited and if accepted I am committed to attend.
